## FIRE BUG BUSY ON SOMERSET PIKE

HOUSE ON M. S. BAUGHMAN'S PLACE ROBBED AND THEN BURNED.

Fire, undoubtedly of incendiary origin, destroyed a tenant house on M. S. Baughman's farm Tuesday night together with all the contents, the property of Oliver Baughman, who had lived there with his family for some time.

The blaze was discovered by Mr. Baughman about seven o'clock. When the house, which was on the Somerset pike, just north of Mr. Baughman's home place, was reached, it was completely enveloped in flame and it was seen at once that there was no chance to save it. Mr. Baughman immediately telephoned to William for the bloodhounds belonging to Capt. V. G. Mullikin, and jumping in his automobile he sped to Danville where he met the last Cincinnati Southern train, and within four hours after the blaze Capt. Mullikin and his dogs were on the trail. The dogs seemed to take the scent at once, and trailed straight to another house in the section, occupied by a family named Davis, who had formerly lived at Rowland. Great difficulty was had in awakening the male members of the family, but when finally aroused, they denied all knowledge of the occurrence. A search warrant was gotten out Thursday however, and search of their premises made by Link Farmer, but nothing could be found. Mr. Mitchell and family were away at the time of the burning, he being at the home of his brother, Charles Mitchell on the place of J. W. Baughman. No one had been inside of his house for almost two weeks, and there is no way in which it could have caught fire had not a match been applied. It is believed that the house was first robbed, and then burned in an effort to conceal the crime. A view of the building after it had burned down, shows traces of several jars of "ketchup" which was more or less consumed. A large quantity of the preserves was also found, but there is no trace of them and it is believed that they were among the plunder taken from the building before the fire was kindled under it.

Several suspicious tracks were found about the house, and this with other evidence will probably be laid before the grand jury when it convenes next month.

The loss to Mr. Baughman in the house will amount to but a few hundred dollars. Mr. Mitchell, however, lost his all and a subscription paper was passed about town to raise a fund to assist him through the winter.

## Football Victim

FIRST ONE OF SEASON HERE IS BURNSIDE HUFFMAN

His physician set the member and he is resting as comfortably as it is possible for a lad of that age to lying in bed. His limb was carefully set and he will be out again within the course of a few weeks but will hardly play football again this season.

## SHOULD BE IN CONFEDERATE HOME

PATHETIC STORY OF ONE OF MORGAN'S HEROES NOW IN POORHOUSE

Crab Orchard, Ky., Oct. 27.  
A few days ago a man walked down the streets of Crab Orchard and met an old friend. His name was Morgan and his head was covered by the frosts of many winters, age had dimmed the fire of his eye, and on his brow the foot of melancholy had left its track. As I gripped his hand I said my old friend why don't you go to the confederate soldiers' home? He said he had a ticket there only cost ten cents I could not pay one.

A mist gathered in my eyes as I thought who my old friend is and who he has been. I remembered what my father and mother had told me of his family whom they had known in antebellum days. His father was a Garrard county man, who lived on a fine grass farm of a thousand acres in a palatial residence facing the turnpike. At the beginning of the war he owned over 600 negroes. He was one of the richest men that ever lived in old Garrard, but misfortune came and his property was swept away like mist before the morning sun.

When the Civil War broke out, my young hero killed his sweetheart and mounted a thoroughbred and followed the God loved Morgan into Dixie land.

He belonged to Hays's regiment and Captain Tom Shanks Company; was captured on the famous Ohio raid and imprisoned with Morgan in the Ohio penitentiary and transferred from there to Camp Douglas. From there he escaped by tunneling under the wall with six of his comrades was betrayed and captured on the outside. Finally bribed a guard and escaped then went back to confederacy; was wounded at Milton Tenn., by being shot through both hips. What those men suffered for the cause they loved.

I often think of the picture painted by Georgia's gifted son, Henry W. Grady, "when in April 1865 underneath an apple tree at Appomattox trunk took Lee's sword in surrender, there on every ragged gray cap the Lord God Almighty laid the sword of his unperishable knighthood." Think of this ragged gray band who for four years had held their teeming legions at bay; they were the salt of the earth.

Not long since I attended the funeral of Judge M. C. Sautley at Stanford. He was a man whom I greatly admired, a lawyer, a jurist, and orator and a patriot. He was taken to his last resting place wrapped in a Confederate flag.

As the body was borne from the residence Judge J. W. Alcorn walked in front, by his side a gray haired child; it is enough to say his name was Hockinsridge. There fell in behind his casket his old comrades in arms, they were the greatest body of men that ever paid their last respects to a brother soldier.

In returning to my subject; who is my old hero who once wore the gray with a heart of gold? He is John Salter. One thing I must state that I wish could be left out that is he is now an inmate of the Lincoln county poor house.

Just one word to the soldiers who followed Morgan. Can't John Salter get a ticket to the Confederate Soldiers' home?

I am sincerely  
W. B. HANSFORD.

(The Interior Journal will be glad to receive and give credit in the paper to any who may wish to contribute toward a fund to delay the expenses of this veteran to the Confederate Home.)

## LOOKS GOOD FOR NEW DEPOT HERE

LOCAL COMMITTEE CALL ON L. & N. OFFICIALS AND ARE MUCH ENCOURAGED

Hons. W. H. Shanks and R. L. Hubble, S. F. Harris, W. M. Bright interviewed Superintendent Snyder and other high officials of the L. & N. in regard to a new depot for Stanford at Louisville Wednesday and returned highly pleased with the manner in which their petition had been received and the encouragement given them.

While the railroad officials were not able to give them a positive assurance that the depot would be built they promised to look carefully into the situation here, and do whatever is possible. The local committee carried with them the lengthy petitions which have been so generously signed by Stanford and Lincoln county people, and delivered them to the railroad officials for perusal. These petitions recite the growth of both passenger and freight business at Stanford since the present unsightly station was built, and call attention to its lack of proper and adequate accommodations at present. The committee is very hopeful that the railroad will see its way to putting another depot here early in the spring at the latest.

During her illness she gave sufficient testimony of her faith and trust in Jesus and willing to go and be with him who had prepared her soul for the mansion above. We express the comforting thought that her spirit has now taken possession of her "inheritance among all these which are sanctified" and beckoning her loved ones to follow. Your correspondent accompanied Mr. B. T. Lunsford to Stanford, a few days since, where that gentleman went before the Fiscal Court and made a very timely talk on the road system of our county. His talk while not very lengthy, was one of the best as it contained so many practical suggestions which we think would, if put in practice, make very noticeable improvement in the condition of our highways. He urged the county judges to invite the citizens of Lincoln county to come together and discuss the situation. Mr. L. proposed a plan which would, if adopted soon place our county in the forefront as builder of good roads. The court accorded the speaker the best attention and we feel sure that some action will soon be taken that will give us better roads ere long. Now is the time for Lincoln county to awaken from her slumber and beat herself and make the start for good roads, putting practical road men in charge of the work, with ample compensation for their services, and at the same time let these be under bond for the faithful performance of duty. Then let our road laws be enforced and not number our statutes as dead letters! With an annual appropriation for turnpike roads of \$15,000 supplemented by an annual appropriation of \$6,000 for dirt roads, why is it that we can't have as good roads as Boyle, Mercer or Garrard? The answer which will best cover the whole scope of this vital question which will not down, is in short, lack of system.

### CAN'T BEAT HELM.

One of the best speeches of the campaign that we have seen is by Congressman Harvey Helm of the Eighth district, says Col W. P. Walton in the Lexington Herald. He presents facts and figures so gracefully that the wayfarer, though a fool must be attracted by him. In addition to his arguments, he makes a good deal of sport of Cannon and his satellites and says that Camp Clark having promised to let him preside occasionally when he is elected speaker, the greatest delight of his congressional life will be when so presiding to say, when Mr. Cannon arises and addresses the chair, "The gentleman from Illinois is not in order." That may be fun for Helm but it will be wormwood and salt for the Crar who, shorn of power, will probably pine away and die.

By the way Mr. Helm has given one nominee of the Republican party "cold feet" and the other having been nominated by the committee out of form, the prospect is that his 1600 and over majority of two years ago may be increased to 2500.

Success Magazine gives the democrats 168 Congressional districts sure, the Republicans 169, with a total of probably a tie, with fifteen doubtful districts. In Kentucky it places both the Ninth and Tenth districts close, with probability of democrats being elected in both. The magazine's conclusions are that the next House of Representatives will be almost exactly in even balance. The probabilities are slightly in favor of a Republican majority of two or three, but it is impossible to predict with certainty at this writing, which of the two parties will organize the House.

The Eighth district may decide the matter so be sure to go to the polls and vote for Helm.

## Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear or without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

### CAPT. BOGARDUS AGAIN HITS THE BULL'S EYE

This world famous rifle shot holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln Ill. Recently interviewed he says: "I suffered a long time with kidney and bladder trouble and used several well-known kidney medicines, all of which gave no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Shugars and Tanner.

## Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Danville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O. To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

## One Doctor—Only One

No sense in running from one doctor to another! Select the best one, then stand by him. No sense either in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it. Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Sold for nearly seventy years. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Why try this thing, that thing, for your constipation? Why not stick to the good old reliable family laxative—Ayer's Pills? Ask your doctor if he approves this advice.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, produced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

IT'S ALWAYS BAD

The Best of Backs Are Bad When They Ache, and Stanford People Know It.

A bad back is always bad. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't some Stanford people do.

Read a case of it.

Simon Raines, carpenter, East Main street, Stanford, Ky., says:

"Some years ago I used Doan's Kidney Pills with good results. In 1909 I met with an accident that brought on a recurrence of kidney complaint. I recovered so that I could work but my back remained very weak. When doing anything that required stooping my back became very lame and painful. Remembering what Doan's Kidney Pills had done for me, previously I procured a box at Shugars and Turner's Drug Store and they gave me prompt relief. Doan's Kidney Pills have my highest endorsement."

J. D. Yocum, of the Green River section, is said to be the boss potato raiser. He is said to know how to get the "Murfrees" larger than anyone in his section. Mr. Yocum plants that he takes the lot he uses for his cows in winter, and plows it up in the spring, and then plants his seed potatoes. After they are up a few inches he turns the earth over them with a plow; gives them one more plowing when they are a few inches high again and never touches them again after that. He says that bugs never bother him, and he has quite a reputation for producing size.

Scott's Emulsion

is the original—has been the standard for thirty-five years.

There are thousands of so-called "just as good" Emulsions, but they are not—they are simply imitations which are never as good as the original. They are like thin milk—SCOTT'S is thick like a heavy cream.

If you want it thin, do it yourself—with water—but don't buy it thin.

Diamond Edge Food Cutters

Notice that we say Food Cutters, not food macerators nor choppers, but Cutters. The Diamond Edge Food Cutter actually cuts the food as clean as a pair of scissors cuts paper.

The Diamond Edge Food Cutter is so carefully adjusted that the toughest tendons in meat are cut clean. A Diamond Edge Food Cutter turns with probably half the exertion required in other kinds as a result of this clean cutting principle. It cuts meat into sausage, shreds, cocoanut, cuts slaw, also has a pulverizer attachment for making nut butter, grating pepper, coffee, etc. The fastest cutter made. Let us show you.
